Responsibilities

- Ship and receive crop protection products, seed, and liquid fertilizer
- Maintain accurate inventory and perform regular cycle counts
- Support daily warehouse operations, including organization, cleanliness, and safety
- Conduct crop scouting activities throughout the season, including:
 - Monitoring crop growth stages and field conditions
 - Identifying weeds, pests, and disease pressure
 - Recording and reporting field observations
 - Supporting agronomy team with timely, accurate field insights
- Participate in field visits with agronomists to gain hands-on agronomy experience
- Provide a high level of customer service in a professional and approachable manner
- Complete required paperwork accurately (receiving, shipping, and customer documentation)
- Organize products for application fleet, sprayers, seed tenders, and seasonal deliveries
- Support other areas of the facility and team as needed throughout the season

Qualifications

- Positive attitude and strong willingness to learn
- Interest in agriculture, agronomy, or warehouse operations
- Strong communication skills and attention to detail
- Organized and able to manage multiple tasks in a fast-paced environment
- Comfortable working both independently and as part of a team
- Willing to work extended hours during peak seasonal periods
- Ability to safely lift up to 25 kg
- Forklift experience or willingness to be trained (on-site training provided)
- Valid driver's licence and access to reliable transportation
